

IOT SMART PANEL PC

IP65 PROTECTED AND FANLESS EMBEDDED HMI TOUCHPANEL FOR IOT AND WEB APPLICATIONS

SMART PANEL PC
IOT CONNECTED

OUR OFFER

- IoT platform
- IoT framework
- IoT cloud connector
- IoT cloud services
- Over the air update
- Connectivity services
- Embedded system engineering
- Software und IoT engineering

COMPLETE PANEL PC SOLUTION

- IP65 HMI glass touch front
- 7.0" WVGA industrial TFT display
- Multitouch PCAP EETI
- Arm® Cortex®-A9 SBC
- Ethernet, PoE
- Flexible cable adaption
- Individual adaptions

SOPHISTICATED BSP

- Linux mainline kernel
- Buildroot root file system
- Qt, QML und web setup
- IoT embedded client
- Cloud access
- extensive development environment
- Support, consulting and training
